

Preparation:

1. Pleat the skirt and the lower part of the sleeve

Skirt: 2cm on 2cm wrap envelope at the left and right side. Then fold the thick drawn marker to the dotted marker. Iron firmly to fix

Same by the lower part of the sleeve

2. Sew the semicircles, right side on the right side, together. Sew only the curve, let the straight line open. Turn inside out.

---

3. Sew the left sleeve on the front and the back square along the red marked line

4. Sew the left side part together up to the sleeve, close the sleeve until the middle (optional)

5. now attach the lower pleated part to the sleeve

6. Shoulder flap- sew a and a together

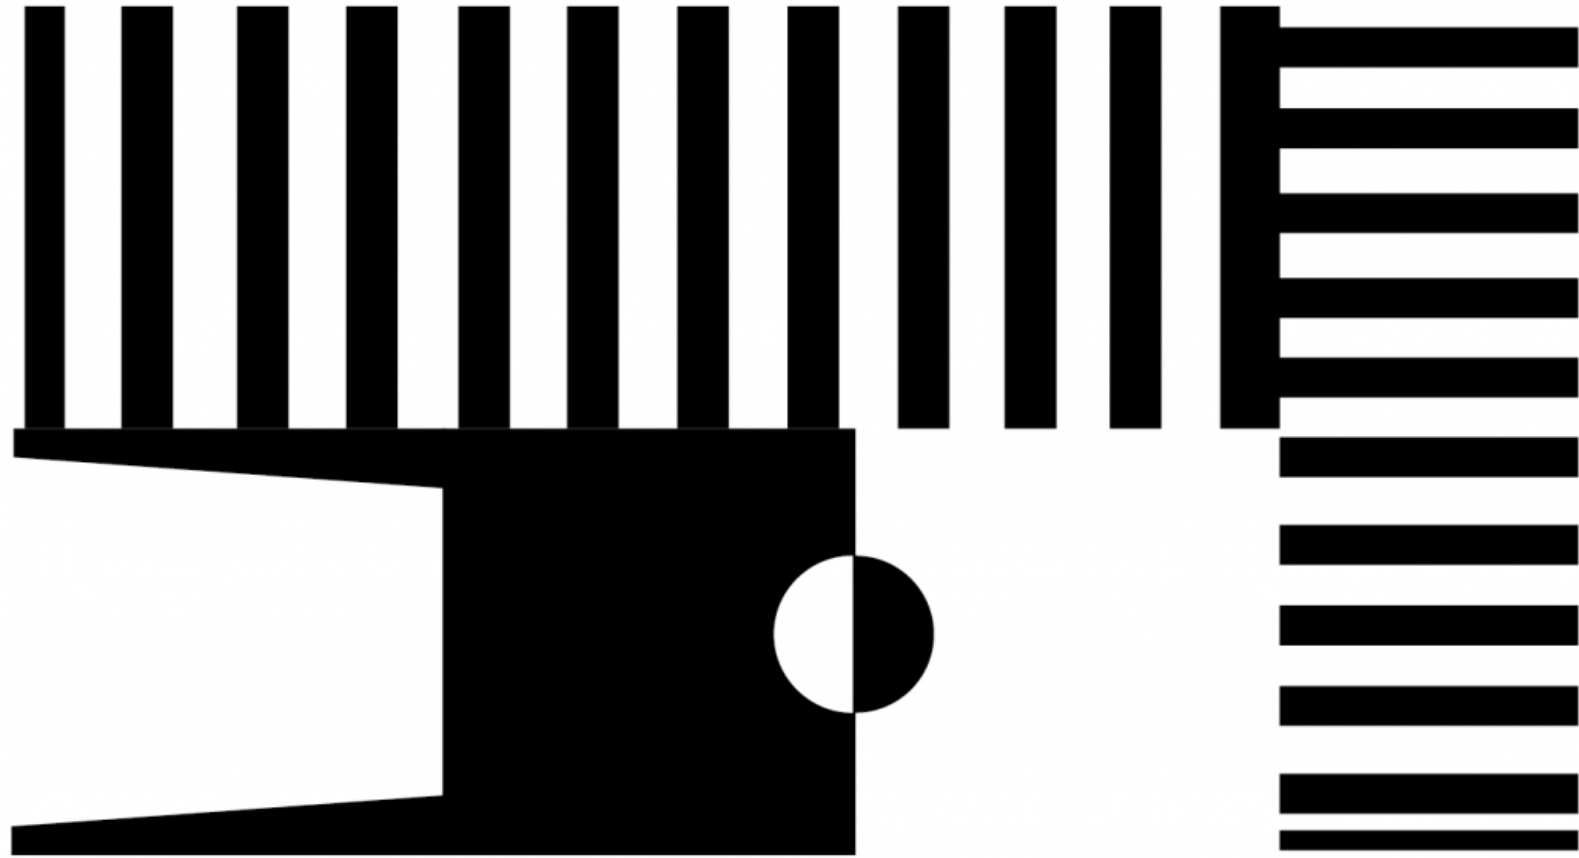

7. completely sew the shoulder flap on the right side

8. sew the pocket on the marked line -when sewing, look that the curve of the pocket shows upwards. After that, fold the pocket down.

9. border neck hole sew with a side strip

10. Sew the right side part ca. 30cm (optional)

11. At the end bring the pleated skirt (ca. 75cm long) under the front and back square, left side should stay open.
